

IGT Cage & Table Accounting Systems

Automate everything.

SIMPLIFY AND STREAMLINE THOUSANDS OF CAGE AND TABLE FUNCTIONS.

Save time and money by automating your most arduous tasks with the IGT Cage & Table Accounting system. Processing table information, including markers, front money, chips, checks, foreign currency exchanges and inventories, is made easy with a user-friendly, touch-screen interface. Watch your team make better, more accurate credit decisions thanks to robust customer credit functionalities that include bank rating, credit tracking and check process features.

The IGT Cage & Table Accounting system is just as valuable in the back of the house. Ensure iron-clad security for sensitive credit, player and casino information using limitless access configurations that can be set by employee, job type, workstation or task.

BENEFITS

- Perform guest and job transactions quickly and easily using touchscreen, task-based workflows
- Comprehensive credit and facilities account management including returns, collections and write offs
- Increase pit efficiency to allow more time with patrons
- Uniquely configure the scalable system to suit your preferred method of operation and necessary regulatory requirements
- Meet day-to-day and long-term operating needs

FEATURES

- Single-screen views of current and historical activity, relevant credit information and more
- Verify jackpots, fills and credits with full accountability at all times
- Automated table accounting, soft count and reconciliation processes
- Detailed reports that can be exported to various formats
- Configurable system generated collection letters
- Ability to enroll players in Central Credit and receive real-time credit information on the player
- Support for multiple currencies and Chinese characters
- Powerful *Microsoft® SQL Server® 2008* infrastructure for optimal performance
- *Microsoft® SQL Server®* Reporting Services for robust, drill-down reports and export capability
