

# IGT Casinolink<sup>®</sup> Jackpot Systems

Hit the jackpot.

## DELIVERS CENTRALIZED CONTROL.

IGT *Casinolink*<sup>®</sup> Jackpot takes you to the next level by creating three-level mystery, standalone and linked progressive jackpots. Link single games or groups of games without individual controllers to quickly create innovative jackpot concepts that differentiate your property.

Advanced security features with comprehensive reporting and analysis give you centralized control and deliver a single, real-time view across a single property or a multi-property-distributed enterprise.

## BENEFITS

- Create your own three-level mystery, standalone and linked progressive jackpots
- Enhance the player experience on your floor
- Attract players and increase revenue with branded, themed areas
- Networked solution with flexible configuration options provides unlimited potential

## FEATURES

- Detailed real-time reporting and analysis
- Capable of managing thousands of games connected across hundreds of sites
- Run floorwide mystery progressives based on denomination, game type, cabinet style or area
- Remote EPROM verification for all games

Create your own three-level progressives.
