

IGT Casinolink® Slot Systems

Right on the money.

STREAMLINE YOUR ACCOUNTING FUNCTIONS.

IGT *Casinolink*® Slot provides comprehensive slot management and accounting capabilities for single and multi-site operations. The system's extensive reporting capabilities help you make better planning and operational decisions.

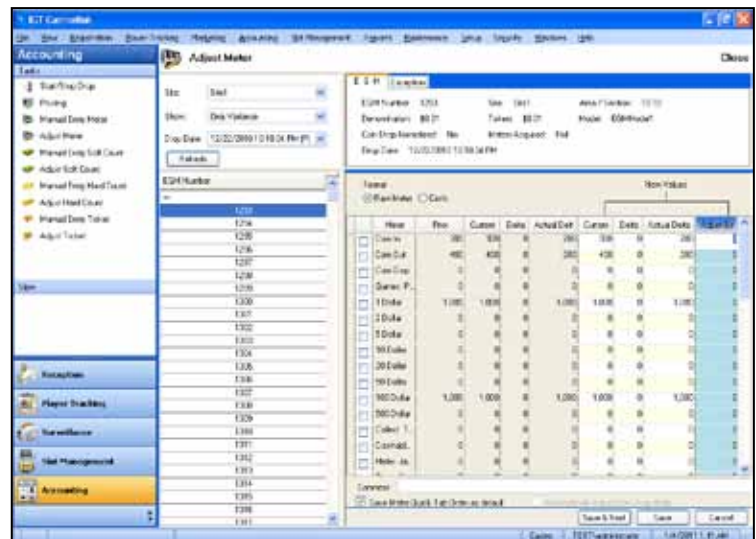

BENEFITS

- Manage your operations with detailed, real-time slot accounting
- 24-hour accounting
- Accrual accounting for efficient and accurate data without the need to count daily
- Exception-based accounting focuses attention on variances, reducing time spent reconciling
- Processing of slot cash transactions such as jackpots, cancelled credits and hopper fills
- Scheduled meter polling and reconciliation of cash collected against meters
- Performance analysis by game, vendor, denomination and more
- Easily create and run comprehensive reports on profit, variances and jackpot reconciliation using *Microsoft® SQL Server® Reporting Services*

Scalable slot management solution that supports multiple sites.

FEATURES

- Remote enabling and disabling of machines
- Secure monitoring of all machine and system events
- Configurable end-of-day
- Separate hard and soft count reconciliation
- Automated coin test adjustments
- Progressive accounting for both IGT *Casinolink* and externally controlled progressives
- Interfaces to external devices such as cash and coin counting machines
- Integrates with the IGT *EZ Pay*® ticketing system, including promotional tickets

Exception-based meter adjustments.
