

Taxable Accrual Systems

The new high-limit player.

CATER TO YOUR PLAYERS WITH AUTOMATED TAXABLE JACKPOT PROCESSING.

Give your players more control and convenience. It's here – an innovative and compelling application designed to streamline your operations while enhancing the player experience.

By integrating the Taxable Accrual application with IGT Media Manager, you can offer players the ability to process their own jackpots via the Service Window or *sb NexGen*® II displays. No more waiting for handpays or completing multiple tax forms. Eligible players are able to continue playing in mere seconds after winning and accepting their jackpots. Operational costs, labor and machine downtimes are also reduced as the system quickly and efficiently processes transactions without manual inputs from staff.

Give your players the customer service experience they deserve with IGT's Taxable Accrual application.

BENEFITS

- Automate and streamline jackpot handpays
- Increase loyalty and play time
- Decrease machine downtimes
- Reduce staff required to process jackpot events
- Significantly decrease errors based on manual entries
- Reduce the number of tax forms and logs generated

FEATURES

- Deploy in high-limit rooms, per game, bank by bank or floorwide on a Game-to-System (G2S) floor
- Option for traditional handpay or self-service via the Service Window or *sb NexGen* II displays
- Data is system provided with no reliance on manual inputs from staff
- Player-validated PIN serves as an electronic signature and is recorded in the log for each transaction
- Credits automatically transfer to the credit meter and the game resets upon completion of transaction

Give players the ability to process their own jackpots.

Fastest way to process taxable jackpots.
