IGT Policy Statement

International Game Technology is committed to the solicitation, preservation and strengthening of both Minority and Women-Owned businesses, local and nationwide. These businesses are, and will continue to be encouraged to participate in the procurement activities of International Game Technology, at every level.

We also encourage our remaining suppliers and contractors to provide for the involvement of these types of businesses through our partnerships, joint ventures, subcontracts, and other contractual opportunities.

As such, IGT has and continues to accumulate data relative to the number of suppliers in each category, as well as the expenditures by supplier, and reports this data regularly to Senior Management. We believe that this type of exposure serves to highlight our commitment, as well as the strengths and opportunities for expansion of these businesses within IGT’s Supplier Base, and in the general business community.

Women-Owned Businesses

For the purposes of classification and reporting, a woman-owned business is defined as a concern that is at least 51 percent legally owned by a woman or women who also control and operate it. In this context, "control" means exercising the power to make policy decisions, and "operate" means being actively involved in the day-to-day management.

Minority-Owned Businesses

For the purposes of classification and reporting, a minority owned business is defined as a concern that is at least 51 percent owned, and also controlled and operated by a person or people in designated socially and economically disadvantaged groups. These groups include African Americans, Hispanic Americans, Native Americans, Asian Pacific Americans, and other groups as may be recognized by the Office of Advocacy, United States Small Business Administration, Washington D.C.

IGT would like to determine if your company qualifies in either of these categories. Please complete the information below, and return it to the Supplier Management Diversity Coordinator. In addition, if you possess any other diversity-owned business certifications, please provide a copy of the certification with this form.
